EDUCATION

Bachelor of Computer Applications

2024 – present

KLE Society's College of BCA, Gokak – Grade: 8+ CGPA

Senior Secondary Education, Class 12th

2023 – 2024

GPUC Pachhapur – Grade: 83%

EXPERIENCE

HacFy | Security Development Intern

Feb 2026 – Present | Remote

- Identified and remediated application security vulnerabilities through code reviews and security testing.
- Implemented secure coding practices, authentication, authorization, and input validation.
- Assisted in threat modeling and OWASP Top 10 compliance.

Glanceable International | Technical Project Executive

Jan 2026 – Apr 2026

- Contributed to ClinicCortex project delivery and technical coordination.
- Assisted in software development, documentation, and milestone execution.

PROJECTS

SkinAI – AI-Powered Dermatology Assistant

React.js, Firebase, Cloud Firestore, AI/ML, Vercel | [GitHub](#)

- Built an AI-powered skin disease detection platform using React, Firebase, and Machine Learning.
- Integrated image-based diagnosis, secure authentication, and real-time user data management.
- Deployed the application on Vercel with a responsive healthcare-focused UI.

Human Firewall – AI-Powered Cybersecurity Ecosystem

Next.js, TypeScript, FastAPI, Python, Scikit-learn, Firebase | [GitHub](#)

- Developed a cybersecurity platform for phishing detection, URL analysis, and email security awareness training.
- Built a hybrid machine-learning and heuristic-based threat detection engine using Scikit-learn and Python.
- Created a Chrome extension for real-time malicious URL detection and protection.

SKILLS

Languages: Java, Python, JavaScript, TypeScript, C

Web: React.js, Next.js, Node.js, Express.js

Database: MongoDB, MySQL, Firebase

Cybersecurity: Secure Coding, Vulnerability Assessment, Web Security

Tools: Git, GitHub, Docker, Postman, Vercel

ACHIEVEMENTS

- 2x National-Level Hackathon Winner
- 5x National-Level coding events winner
- Demonstrated problem-solving and analytical skills by solving 75+ problems on LeetCode
- 2x National-Level cybersecurity-events winner
